

GENERIC INTRODUCTION TO THE INVESTIGATION PHASE OF AIRCRAFT ACCIDENTS.

The Lawyer and inexperienced investigators may find the introduction to investigative techniques, hints and clues as being at level one. Some data gathered over four decades is dated. The lessons learned were taught by some of the worlds most accomplished Aircraft Safety Investigators. My OJT and mentoring came from Navy and Airline safety work, 450 accident evaluations, investigations or litigations and from:

I thank: SAM TAYLOR, IRA RIMSON, CHUCK MILLER, RALPH HARMON, JACK WETZLER, RUSS SANFORD, GUS ECONOMY, VIC HEWES, BILL RODDEN, RON STEARMAN, ART CHILDERS, LARRY BOLES, PAUL McCARTHY, AL DIEHL, SAMUEL DON SMITH, RON SHEPARD, JULIAN HAYES and JIM BURNETT
